Dhaka, Bangladesh

Feb. 2022 – Apr. 2025

Rajbari Govt. College

HIGHER SECONDARY CERTIFICATE (HSC)

Rajbari, Bangladesh

2017 – 2019

Projects

• Gift Link

GiftLink is a full-stack web application that connects users who wish to give away household items they no longer need with users who enjoy recycling and prefer to find free household items to match their taste rather than purchasing new ones. The app provides a platform for users to share and discover gifts, browse listings, and communicate with others.

Technologies: React.js, Node.js, Express.js, JSON Web Tokens (JWT), MongoDB

• Film Hunt

A sleek and responsive movie search web application built with React, Vite, and Tailwind CSS, powered by the OMDB API and YouTube Data API. This app allows users to search for movies, and see detailed information about each film with youtube trailer.

Technologies: React.js, Tailwind CSS, OMDB API, YouTube Data API, React Router, Vite

• Best Cars Dealership

A full-stack web application lets users explore car dealerships across the U.S., read reviews, and share their own experiences. Registered users can log in to post reviews, while unregistered users can browse dealerships and view feedback. With features like state-wise filtering and sentiment analysis, this project combines a user-friendly interface with powerful backend services.

Technologies: Django, Flask, MongoDB, React.js, Node.js, Express.js, SQLite, Bootstrap
